the view taken by the Govt

18 Dr Gm goes on to say that the reason for Govt looking upon the amount of £50 as a loan is that they have assumed that he was not actually engaged in the pursuit of the specified study, which he says is not true

19 It was clearly stated in the 90 Society the loan that the extra expense necessitated by illness was a proper charge on his private resources, that the £50 could not be granted as a schp and that it would be given as a loan to be repaid after his return

20 The contention of Dr Gm about a false assumption by Govt etc does not seem to be reasonable

21 What the other points are that he has now refrained from bringing to the notice of Govt can possibly have no connection with the repayment of the money advanced as a loan

22 Submd for orders on the request that the amount may be treated as a schp in which case Br II will also have to be consulted

Mr. Gove cannot be allowed to
 defer to at the late stage to
 repay the amount which was
 sanctioned as a loan in August
 1913 if he had any objection to
 such a course he should have
 written before then. Further
 even on its merits, his contention is
 not acceptable merely because ~~the~~
 a person attends some institution
 or undergoes some training in Europe
 it does not follow that he can
 ask for him a Scholarship for
 the period - A Scholarship is to be
 only sanctioned for by for ~~for~~ specifying
 the period ~~of study~~ & courses of study
 for which it is allowed before it can
 be claimed as a matter of right.
 If Mr. Gove, of his own accord, stops
 longer in Europe for a period ~~longer~~ beyond
 that for which a Scholarship was only
 sanctioned, he cannot claim any Schol-
 arship for such a period.

beginning from now but he may be asked to pay the full amount at once as he is now receiving substantial allowances this will not perhaps cause him any difficulty. If however you think that it may be recovered, instalments the instalments should begin from the ^{time} ~~as~~ he arrived in India after finishing his course & not from now

that he is obliged to enter into at the time of the award of the schp, and that as a Govt servant is granted leave with allowances etc during illness his case may also be considered favourably as on account of his illness

41 The conditions regarding the grant of a foreign schp relate only to the proper progress of the scholar the payment of the amounts of the schp and the obligation of the candidate to take up service in the Mysore Govt in consideration of the schp granted after the completion of his study. There are no conditions that he should be considered as a servant of the Mysore Govt during the period of the schp and that he should be given leave and allowances etc as Govt servant

42 The grant of a loan itself was a favour shown to him for in view of his having been laid up with fever in a foreign country, and Govt were further pleased to order on 8/13/13 that no interest need be charged and that payment may be made in monthly instalments of Rs 2 each

The Secretary to the Govt of H.H. Williams
of Mysore, Department of Education and
Physical Culture

Sir,
With reference to your Committee-
ship re S.S. dated 20 August 15, I have
the honour to point out —

- 1 That I requested the Government for contin-
uance of the Scholarship for a quarter beyond
the period for which it had not for a long
period that he is actually engaged in
the pursuit of the prescribed study, was
pleased to sanction me £50/- the amount of
the Scholarship for the quarter in question,
and call it a loan, on the assumption
that I was not engaged in the pursuit
of the specified study during the period
in question
- 3 That I was, as a matter of fact, actually

engaged in a part of the prescribed
study during the period in question
but for about three weeks that I was
convinced to be owing to illness the
cessation of the fact, I need only refer
to my record "On Convulsions in the
Optic Nerve" which I published as late
as July 1913 and to Prof Fuchs's test-
imonial which certified to my having
been active as voluntary assistant
at the Clinic until 10 November 1913
— a period at least four months in excess
of the period of the Scholarship even
including the quarter in dispute but
extending by two months that I spent
in visiting German Clinics and in leaving
meio photography etc at Carl Zeiss, Jena
I enclose herewith a copy of Prof Fuchs's
testimonial
4 That now that it has been made
clear that the reason for the Govern-
ment's looking upon me as 50/- sanctioned

is no ~~university~~ ^{It is not} actually engaged in the pursuit of the Specified Study, was only an assumption and does not exist in reality, and that as a matter of fact I devoted myself to my work, as I found it essential to do so, for a period of six months in excess of the period of scholarship even including the quarter in question, I pray that the Government may be pleased to look upon the amount as Scholarship for a quarter.

There are various other points which at present I refrain from bringing to your notice in the hope that what I have put forward is sufficient in itself to convince the Government of the justice of my Contention.

I am

Sir,

Re Communication No 5524. dated -
Edn 75-13

10th April 1916

Permit me to request the Government
to kindly reconsider my reply to your previous
communications on the subject and for the
reasons given therein and for others to be
given hereunder to be gracious enough to
look upon the £5/- in relation as Scholarship
for the quarter concerned

I beg to urge

- 1 That under the conditions of tenure of
the Scholarship, the Scholar is a servant
of the State until the Government releases
him from the bond that he is obliged to
enter into, at the time of award of the
Scholarship
- 2 That during periods of illness the servant
is shown every consideration by the State
He is given Sick leave and pay, such leave
and pay, extending in some cases to two or
more years
- 3 That the Government Scholar being as much
a mortal as the revenue officer, the school teacher
and the rest, is as liable to disease and that
in the event of illness, all the cases be made identical

4/8

between State and Servant, what in the one case obtains in the others.

4 That for quite, if not over two thirds of the quarter for which it is most humbly urged - that the £50 in question should be looked upon as Scholarship, I was actually at work as Voluntary Assistant at the Clinic of Prof Fuchs in Vienna, so that even were there not the plea of illness, my claim that the amount should be viewed as Stipend deserves favourable Consideration

5 That even when the £50/- in question is considered as Scholarship for a quarter, my period of work as a Scholar exceeds the period of the Stipend by a quarter

6. That owing to my work having been post-graduate and the non-closure of hospitals during vacations, I had to work without vacations during the whole period of my Scholarship, which is more than could be said of Government Servants in General even for a year, not to speak of four years.

7 That I worked with every zeal to make myself as highly serviceable as possible in my line and that it is not my fault that I am not serving the State today

Under these circumstances, I venture to appeal most earnestly and humbly to the Government of His Highness the Maharaja with every hope in their fair-mindedness to give a sympathetic ear to my Solicitation and to do me the justice of graciously granting my request, for reasons given

Yours ^{I am} humble petitioner

Sir.

In reply to order No 1895-6/Edn
 75-13, dated Bangalore, the 2nd of September
 1916, I have the honour to state that
 feel as convinced as ever of the justice
 of my contention, that the £50 in question
 should be looked upon as scholarship
 and not as a loan, for the manifold
 reasons given by me in my previous
 communications.

As, however, irrespective of the
 merits of the case, the Government
 heretofore persists in looking upon
 the amount as a loan and have been
 pleased to direct me to repay it in
 25 monthly instalments of £2/-
 I have perforce to bow to their decision,
 in doing which I am obliged to represent
 to them, that because of my present financial
 embarrassment, I am unable just yet
 to start disbursing the £2 monthly instalment
 in question and to request most earnestly
 that they may be pleased to give me
 time till July 1917, by which time
 I hope to be able to start repayment.
